

M.MUJEEB UL HAQ

FRONT END DEVELOPER

I'm a Front End Developer that learned everything on my own. I specialize in creating dynamic, accessible websites that work on any device. Furthermore, I regularly create creative solutions that improve user experiences. I am proficient in React.js, JavaScript, HTML5, and CSS. I guarantee efficient code management and communication thanks to my knowledge with Git version control. Likewise, I'm also skilled at developing websites using frameworks and exceeding client expectations with my high-caliber solutions.
